Dear Mr. Pardon:

Re: Dr. Kirill Zamaraev

I am enclosing a completed form requesting approval for Dr. Kirill Zamaraev to visit several laboratories during the period of his stay at the University of Chicago as an Exchange Visitor under the US-USSR Joint Program on Catalysis. The laboratories involved are all engaged in research in the field encompassed by our joint program and, in my opinion, Dr. Zamaraev's proposed visits to these laboratories would be in the interests both of our joint program and of the laboratories concerned. I have ascertained the willingness of the persons named on the form to serve as Dr. Zamaraev's hosts if his visits are approved. I would be grateful for your favorable consideration of this request and approval of the proposed visits.

Sincerely yours,

Jack Halpern
Louis Block Professor of Chemistry
